***Allowable Subject Matter***

Claims 1-11 and 14 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: the claims are allowed, because, Hatano doesn't teach where a facility name satisfying narrow-down condition is extracted from one name identified as area name or classified name as recited in the claims.

The rejection of claims 12 and 13 by Hatano in view of Halstead-Nussloch is maintained.

***Response to Arguments***

Applicant's arguments filed on 12/6/04 with regards to claim 12 have been fully considered but they are not persuasive. According to Hatano there is storage containing a plurality of facilities that will be acquired as a destination spot based on the user request (Co.8, lines 45-55) and Nussloch teaches where few facility names are extracted and presented when the number of the facilities name is not large.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 2655

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
